    - March 2022: created PD website transparency dashboard
      - Monthly updates around 15<sup>th</sup> of each month
    - Review of current data
      - Disproportionate number of contacts with African Americans
        - 4 subjects accounted for ~18 contacts
        - ~70% of contacts (other than vehicle stops) were due to calls for service by community
        - 25 of 31 vehicle stops for expired registration or vehicle equipment (but usually pretextual)
          - Culture of enforcement vs guardianship
          - Random pretextual stops undermine police legitimacy and erode community trust
        - Create new UCR PD Policy—Pretextual Traffic Stops
          - Under new policy, officer making a pretextual stop will have to articulate the reason for that stop
  - Feedback
